

## Summative Task #1 – Photo Hunt

Categories	Level 1	Level 2	Level 3	Level 4
Exposure/Contrast	Tonal quality is flat; very little contrast in colour and neutrals makes the focal point blend into the background.	Tonal quality is fair; little contrast in colour and neutrals.	Tonal range is good overall; some parts of the image could use more contrast.	Photo image is excellent with good contrast and range of light to dark tones to enhance the focal point.
Focus	Photo is very pixelated and/or blurry; image was obviously photographed incorrectly OR Photoshop tools were used incorrectly.	Fair detail in image; selective blur & sharpening could enhance some parts of the image.	Good detail in image; selective blur & sharpening will enhance parts of the image.	Excellent detail in highlights, shadows & midtones, makes a good clear image. Initial photo was obviously taken with proper camera settings selected.
Creativity	Photo does not show a creative approach to the assignment.	Fair representation of assigned objectives; lacks originality and shows little or no evidence of trying anything unusual.	Good representation of assigned objectives. The student has explored creative solutions to the assignment.	Image demonstrates a very creative approach to the assignment; student has expanded on the basic requirements. It is clear that the student explored several choices/solutions to the assignment.
Composition	Photograph does not demonstrate visual interest and creativity in composition, framing, and subject matter.	Photograph demonstrates little visual interest and creativity in composition, framing, and subject matter.	Photograph demonstrates some visual interest and creativity in composition, framing, and subject matter.	Photograph demonstrates exceptional visual interest and creativity in composition, framing, and subject matter.
Reflection	Written reflection does not explain the choices or shows no thought behind the photograph.	Written reflection explains some of the choices and thought behind the photograph, but there are some major grammar, and spelling issues.	Written reflection explains most of the choices and thought behind the photograph, but there are some minor grammar, and spelling issues.	Written reflection fully explains all the choices and thought behind the photograph.
